

Industrial

Product description

Imitating concrete realistically involves recreating an imperfect texture riddled with tiny cracks. Panespol Beton Industrial decorative panels successfully reproduce the genuine features of this material to compose a decorative covering that can be easily assembled to design contemporary environments in a range of neutral colours. In fact, this is an ideal panel for any interior designer wanting to create wide, open spaces.

Technical characteristics

Weight:
15 Kg

Thickness:
16mm - 18mm

Maintenance:

If necessary, clean with water or a non-irritating or non-corrosive cleaner.

Waterproof

Impact resistance

Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable

Sustainable

Certificates

Thermal insulation certificate
carried out by Tecnalia

Fireproof certificate B-s1-d0
carried out by Aitex

Fireproof certificate according to the Russian normative
carried out by Zentrum

Reduced Carbon Footprint

CE Mark

ISO 14001
