

# Quebrado

## Product description

Symmetry always plays a fundamental role in avant-garde decoration; the straight line is part of this movement. However, the Beton Quebrado decorative panel shows that this style can follow unexplored paths, creating imperfections in the concrete that give distinction to any space. This is the ideal panel if you want to give more prominence to specific elements in a setting.

## Technical characteristics

**Weight:**  
15,6 Kg

**Thickness:**  
21mm - 31mm

### Maintenance:

If necessary, clean with water or a non-irritating or non-corrosive cleaner.

**Waterproof**

**Impact resistance**

## Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable

Sustainable
