

Product description

Achieving the texture of concrete made with planks is almost impossible without resorting to builders. However, Panespol has the solution thanks to this covering. The Beton Tablas decorative panel gives walls a different texture, providing a rustic touch to the setting but without leaving aside the modernity of cement itself. In addition, its installation does not require builders.

Technical characteristics

Weight:
7,2 Kg

Thickness:
10mm - 17mm

Maintenance:

If necessary, clean with water or a non-irritating or non-corrosive cleaner.

Waterproof

Impact resistance

Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable

Sustainable

Certificates

Thermal insulation certificate
carried out by Tecnalia

Fireproof certificate B-s1-d0
carried out by Aitex

Fireproof certificate according to the Russian normative
carried out by Zentrum

Reduced Carbon Footprint

CE Mark

ISO 14001
