

Product description

The Panespol Etna decorative panel is the best alternative to perfectly emulate volcanic stones. Thanks to these panels, walls acquire a novel and unique appearance, giving the setting a warm and modern decoration that is difficult to match. They are manufactured in the entire RAL colour range thus matching the identity of the space to be decorated. In addition, they are very simply and cleanly assembled.

Technical characteristics

Weight:
3 Kg

Thickness:
5mm - 12mm

Maintenance:

If necessary, clean with water or a non-irritating or non-corrosive cleaner.

Waterproof

Impact resistance

Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable

Sustainable

Certificates

Thermal insulation certificate
carried out by Tecnalia

Fireproof certificate B-s1-d0
carried out by Aitex

Fireproof certificate according to the Russian normative
carried out by Zentrum

Reduced Carbon Footprint

CE Mark

ISO 14001
