

Long Brick

Product description

The exposed brick offers many virtues and, among them, versatility is without a doubt the most important characteristic of this material. Long Brick is the interior decorator's secret for creating clean and open spaces. Its elongated form gives the setting a greater feeling of space, providing the ideal backdrop for large areas.

Technical characteristics

Weight:
7'5 Kg

Thickness:
13mm - 16mm

Maintenance:

if necessary, clean with water or a non-irritating or non-corrosive cleaner.

Waterproof

Impact resistance

Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable
