

Mármol Travertino

Product description

Marble creates exclusive settings, which give a feeling of great style, class and distinction. These are the attributes necessary for the most elegant and contemporary projects. Our Mármol Travertino panels perfectly imitate the textures of the stone, but they are also strong, lightweight, insulating and very easy to assemble.

Technical characteristics

Weight:
4'5 Kg

Thickness:
10mm - 12mm

Maintenance:

if necessary, clean with water or a non-irritating or non-corrosive cleaner.

Waterproof

Impact resistance

Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable

Sustainable
