

Nebraska

Product description

Panespol Nebraska decorative panels capture the robust texture of wood as square, symmetrical sheets that represent this material in the most natural way possible, with its imperfections on view, its veins, cracks and irregular shapes. In addition, it uses dark tones in order to provide sobriety and a more serious sophisticated touch than the diaphanous natural colour.

Technical characteristics

Weight:
6 Kg

Thickness:
8mm - 30mm

Maintenance:

If necessary, clean with water or a non-irritating or non-corrosive cleaner.

Waterproof

Impact resistance

Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable

Sustainable

Certificates

Thermal insulation certificate
carried out by Tecnalia

Fireproof certificate B-s1-d0
carried out by Aitex

Fireproof certificate according to the Russian normative
carried out by Zentrum

Reduced Carbon Footprint

CE Mark

ISO 14001
