

## Product description

The Stucco decorative panel is a good alternative for realistically mimicking cement in both colour and texture. It is also waterproof and insulating, which makes it possible to use both indoors and outdoors. With the use of this covering, you can achieve an industrial decoration and an effect that belongs to the most cosmopolitan settings. In short, a fresh, innovative setting full of character.

## Technical characteristics

**Weight:**  
5,2 Kg

**Thickness:**  
10mm - 13mm

### Maintenance:

If necessary, clean with water or a non-irritating or non-corrosive cleaner.

**Waterproof**

**Impact resistance**

## Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable

Sustainable

## Certificates

**Thermal insulation certificate**  
carried out by Tecnalia

**Fireproof certificate B-s1-d0**  
carried out by Aitex

**Fireproof certificate according to the Russian normative**  
carried out by Zentrum

**Reduced Carbon Footprint**

CE Mark

ISO 14001

## Decorations and finishing options

**TX-020**  
Stucco
