

Termoarcilla

Product description

Covering walls with clay brings a sense of nature and shine to open spaces. In addition, its colour and composition evokes order. The Panespol Termoarcilla decorative panel has a rectilinear weave that imitates the edges of the baked clay blocks and serves as the context for any display window or shop design.

Technical characteristics

Weight:
23 Kg

Thickness:
17mm - 25mm

Maintenance:

If necessary, clean with water or a non-irritating or non-corrosive cleaner.

Waterproof

Impact resistance

Product features

Lightweight

Non-flammable

Strong

Non-toxic

Simple and quick

No building works are required

Recyclable

Sustainable

Certificates

Thermal insulation certificate
carried out by Tecnalia

Fireproof certificate B-s1-d0
carried out by Aitex

Fireproof certificate according to the Russian normative
carried out by Zentrum

Reduced Carbon Footprint

CE Mark

ISO 14001
