

Avery Dennison®

Organoid Natural Surfaces

See. Feel. Smell.

Authentic handcrafted materials with self-adhesive backing - Avery Dennison® Organoid Natural Surfaces offer endless unique, nature-inspired interior design possibilities. All with direct bonding from smooth, plastered and painted walls to textured concrete surfaces, as well as windows.

The Avery Dennison® Organoid Natural Surfaces Interior Decoration product line enables you to bring the outside in and makes every space a truly unique experience.

Using natural raw materials, the Organoid products provide a one of a kind experience, engaging almost all of your senses.

Personalise the look of your interior, feel the unique texture, and smell nature's original fresh scents. Be the first to explore a new way of evoking novel reactions to interior design.

The abundance of nature offers everything needed for natural surfaces - from alpine hay to dark moss, and from rubber tree leaves to rose petals. Inspired by nature, Organoid products are produced with organically and regionally produced raw materials wherever possible. The philosophy is to avoid further processing via conventional production, relying instead on regional partners and short transport routes.

NATURAL RAW MATERIALS

- **See it** - with authentic material compositions in unique colours
- **Feel it** - experience the original structure of the natural material
- **Smell it** - enjoy the pure fragrance of a natural material

Available Products

Skellett Leaves available with a removable or high tack adhesive.

**Skellett Leaves (Translucent)**

With its green colour removed, the delicate skeleton of a real dried rubber tree leaf conveys a feeling of lightness.

**Moss Bright Green**

A true blaze of colours, with a subtle scent, and a true natural feeling.

**Skellett Leaves - Black (Translucent)**

Single delicate skeleton leaves. Anthracite colouring is combined with transparency, using real dried rubber tree leaves to convey a feeling of lightness.

**Moss Dark Green**

A natural surface that comes with a cozy blaze of coloured accents and a subtle scent.

**Rose Petals (Translucent)**

Highly fragrant and vibrantly colourful petals, with no artificial colours or fragrances added.

**Mountain Hay + Marguerites**

Notes of a colourful alpine Meadow. Generously scented alpine grass along with petals of arnica, cornflower, heather, roses and marguerites with stem.

**Sunflower Petals (Translucent)**

These popular yellow petals combine a natural surface with a translucent self-adhesive film, for special light effects.

**Original Alpine Hay**

Naturally scented alpine-hay and herbs from the Tyrolean Alps. Hand-cut and lovingly processed.

**Birch Leaves Cut**

These fine and multifaceted green gradations and shades evoke wide and gentle hills - speaking of 'regeneration and contemplation'. A distinctive developing scent adds to the experience.

**Cornflower Mix**

Blue and red cornflower petals combined create a multicolour surface with almost endless application possibilities across interior and furniture design.

Contact your local sales representative to request your tailored natural surface.
